Assignment 8

The due date for submitting this assignment has passed.
As per our records you have not submitted this assignment.

Due on 2019-09-25, 23:59 IST.

1) Which one of the following is true regarding activity schedule? *1 point*

○ a. It indicates the planned start and completion dates for each activity
○ b. It shows the dates on which each resource will be required and level of requirement
○ c. It shows the planned cumulative expenditure incurred by the use of resources over time
○ d. All of the above

No, the answer is incorrect.
Score: 0
Accepted Answers:
a. It indicates the planned start and completion dates for each activity

2) Which one of the following shows the dates on which each resource will be required for an activity and level of that requirement? *1 point*

○ a. Activity schedule
○ b. Resource schedule
○ c. Cost schedule
○ d. All of the above

No, the answer is incorrect.
Score: 0
Accepted Answers:
b. Resource schedule

3) Which one of the following is FALSE regarding resource scheduling? *1 point*

○ a. Resource scheduling may lead to changing the durations of some activities on the PERT chart
○ b. Resource scheduling may not affect the critical path
○ c. Resource scheduling usually shortens the critical path
○ d. Resource scheduling can create additional critical paths

No, the answer is incorrect.
Score: 0
Accepted Answers:
c. Resource scheduling usually shortens the critical path

4) Given the followings, which one represents the correct order of priorities in Burman's priority list? 1. shortest critical activity 2. critical activities 3. non-critical activities. 4. non-critical activity with least float 5. shortest non-critical activity *1 point*

○ a. 1-2-3-4-5
○ b. 1-2-5-4-3
○ c. 2-1-5-4-3
○ d. 5-4-3-2-1

No, the answer is incorrect.
Score: 0
Accepted Answers:
b. 1-2-5-4-3

5) Which one of the followings is the best way of publishing and communicating project schedules? *1 point*

○ a. activity plan
○ b. activity bar charts
○ c. resource histograms.
○ d. work schedule

No, the answer is incorrect.
Score: 0
Accepted Answers:
d. work schedule

6) Which one of the followings is the proper scheduling sequence? *1 point*

○ a. activity plan, resource allocation, risk assessment, cost schedule
○ b. activity plan, risk assessment, cost schedule resource allocation,
○ c. activity plan, risk assessment, resource allocation, cost schedule
○ d. activity plan, cost schedule, risk assessment, resource allocation

No, the answer is incorrect.
Score: 0
Accepted Answers:
c. activity plan, risk assessment, resource allocation, cost schedule

7) Which one of the followings is an example of oral formal regular reporting method? *1 point*

○ a. Weekly progress meetings
○ b. End-of-stage review meetings
○ c. Progress reports
○ d. Exception reports

No, the answer is incorrect.
Score: 0
Accepted Answers:
a. Weekly progress meetings

8) Which one of the following check points is a time driven check point? *1 point*

○ a. Production of SRS document
○ b. Production of a coding module
○ c. Production of test cases
○ d. Checking the progress monthly

No, the answer is incorrect.
Score: 0
Accepted Answers:
d. Checking the progress monthly

9) In Red/Amber/Green reporting, Amber represents which one of the following? *1 point*

○ a. The tasks are 'on target'
○ b. The tasks are 'not on target but recoverable'
○ c. The tasks are 'not on target and recoverable only with difficulty'
○ d. The tasks are 'not on target and not recoverable'

No, the answer is incorrect.
Score: 0
Accepted Answers:
b. The tasks are 'not on target but recoverable'

10) Which one of the following statements concerning reviews is true? *1 point*

○ a. Usually, review is more cost-effective in removing defects as compared to testing.
○ b. Usually, review is less cost-effective in removing defects as compared to testing.
○ c. Usually, review is as much cost-effective in removing defects as testing.
○ d. Reviews are considered as a dynamic analysis technique.

No, the answer is incorrect.
Score: 0
Accepted Answers:
a. Usually, review is more cost-effective in removing defects as compared to testing.
